### Declaration In Support of Accompanying Petition to Make Special Reason VIII\_Special Procedure Search Was Made

In support of the accompanying Petition to Make Special, applicant declares as follows:

1. I am the applicant in the above-identified patent application.
2. The invention of the above application is the first invention of the vehicles generating self-action force for self-propulsion in any direction and any environment (air, water, cosmos) as described in full detail on pages 10 to 13, and 27 and 28 of the specification.
3. The invention is a complete innovation of the vehicle technology by using invented force generators as propulsion mechanisms to provide the mankind's transport system much more flexible, simpler, cheaper, safer and faster in both the earth's environment and cosmos as described in full detail on pages 19 to 28 of the specification.
4. There is not any information of such vehicles in any form in the history of the mankind. The invention is also the discovery of the self-action force of macroscopic bodies.
5. The NASA is interested in my invention. However, in accordance with the NASA's rule only patented inventions will be considered.
6. I further declare that all statements made herein of my own knowledge are true and that all statements made upon information and believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application and any patent issuing therefrom.
